# CAST YOUR IDEAS WITH ALUMINIUM

Manufacturer of Critical Casting, Machining, &  
Assemblies of Aluminium GDC and LPDC Parts

## ABOUT US

Established in 2001, Shreenath Metals is a leading Manufacturer of critical casting, machining and assemblies of Aluminium GDC and LPDC parts and precision-crafted Machined Metal Components. With over 21 years of dedicated service in the industry, we have earned the trust of our clients as a reliable name, committed to customer satisfaction.

# INFRASTRUCTURE & MANUFACTURING FACILITIES

STATE-OF-THE-ART FACILITIES

## DESIGN & DEVELOPMENT

Design Software; In-house Tool Room for Die manufacturing

## ALUMINIUM FOUNDRY

Skelner Furnace, Electric Melting Cum Holding Furnace, & more

## MACHINE SHOP

HMC, VMC, CNC, Conventional Setup

## SURFACE FINISHING FACILITIES

Shot Blasting, Vibratory Finishing, Buffing, Painting & Powder Coating

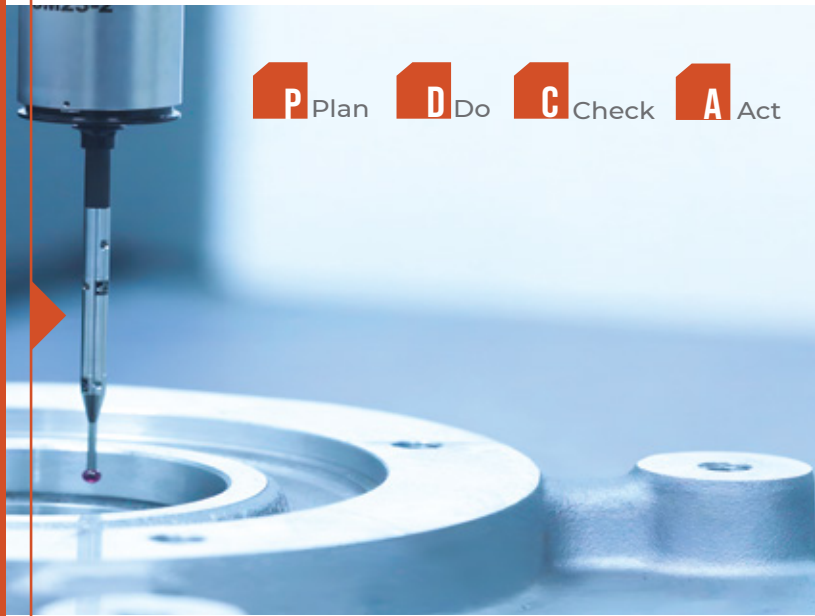

## SPECIAL PROCESS FACILITIES

Air Testing, Hydro Testing, Thermal Spray, Helium Testing

# ENSURING QUALITY STANDARDS

Shreenath Metals implements a comprehensive quality control process to ensure the high quality of its aluminum products. with an endeavor to constantly enhance the quality and meet the evolving expectations of customers, our team has a set procedure- PDCA.

# QUALITY CHECKPOINTS

- Metallurgical & Mechanical Laboratory
- Well Equipped QC Lab
- NDT Testing
- Sand Testing Lab
- Spectro Meter
- Vacuum Testing Machine
- Density Meter
- Hardness Testing
- Universal Testing Machine
- CMM
- Surface Roughness Tester
- Air/Hydro & Burst Testing
- Helium Leak Testing
- DFT Testing
- Conductivity Meter (IACS)

# PRODUCTS
